

During the autumn we will be meeting to study the Bible together. If we are to serve God and follow Jesus then we need to engage with His Word. These small groups will meet approximately every two weeks during that period on a Tuesday evening and a Thursday morning.

We will be following the new teaching series Grace is greater using PCI's resource 'Expressions'. The resource is a mix of downloadable on-screen Bible teaching and stories from members of the Presbyterian Church in Ireland, along with questions for discussion provided in an accompanying booklet. We will be using the first four sessions in the autumn term and the second four sessions post-Christmas.

Please contact the office office@stormontchurch.org or Albin albin@stormontchurch.org if you are interested in attending.
