

Staying Safe - Keeping One Another Safe (Update July 2022)

In order that our church buildings continue to be a safe and comfortable place for all, everyone is asked to continue to follow all advice from NHS and PHA.

- If you are feeling unwell, in any way, you should not attend services, meetings or activities at the church premises.
- All rooms and spaces will continue to be ventilated and hand sanitiser will continue to be available.
- Mask wearing continues to be at your own discretion.
- Seating, both in the sanctuary and in other spaces and rooms, will continue with suitable spacing for the safety and comfort of everyone attending.

Everyone is encouraged to continue good routines and to take individual responsibility. In this way we can stay safe and keep one another safe.
